

ABA:74635313

Arc

The image displays a coronal section of a brain, likely from a rodent, with a blue fluorescence signal. The signal is distributed across the brain tissue, with a prominent, bright spot located at the intersection of a vertical and a horizontal white line. The text 'ABA:74635313' is positioned in the top left corner, and 'Arc' is in the bottom left corner. The overall appearance is that of a fluorescence micrograph used in neuroscience research to visualize specific protein or gene expression patterns.
