

ABA:74822928

OB anterior

A fluorescence microscopy image of a brain section. The image is dark with a central region of blue fluorescence. The fluorescence is concentrated in a specific area, likely the OB anterior, as indicated by the text. The image is overlaid with a white crosshair consisting of a vertical and a horizontal line. The text 'ABA:74822928' is located in the top left corner, and 'OB anterior' is located in the bottom left corner.
