

ABA: 74822939

ME

A brain scan image, likely a PET or SPECT scan, showing a cross-section of a brain. The image is predominantly blue, indicating low activity. A small, localized cluster of activity is visible in the center, showing a color gradient from green to red, indicating higher activity levels. The image is overlaid with a white crosshair, with the vertical line passing through the center of the activity cluster. The text 'ABA: 74822939' is in the top left, and 'ME' is in the bottom left.
