VA/VL

This is a brain PET scan image, likely a coronal section. The image shows a central region of high metabolic activity, indicated by red and yellow colors, which is surrounded by a larger area of lower activity shown in blue. A white crosshair is overlaid on the image, with the vertical line passing through the center of the high-activity region. The text 'ABA:75079801' is in the top left corner, and 'VA/VL' is in the bottom left corner.
