

ABA: 75551474

MG

A coronal brain scan image, likely a PET or SPECT scan, showing a cross-section of the brain. The image is predominantly black, with a bright blue highlighted region on the left side, indicating areas of increased metabolic activity or tracer uptake. A white crosshair is overlaid on the image, with the vertical line passing through the center of the brain and the horizontal line passing through the highlighted region. The text 'ABA: 75551474' is visible in the top left corner, and 'MG' is visible in the bottom left corner.
