

ABA: 75693192

Pir

The image displays a coronal brain scan with a color-coded activity map. The brain is shown in a dark blue color, indicating low activity. A small, localized area of high activity is visible in the lower-left quadrant of the brain, characterized by a mix of red, yellow, and cyan colors. This area is situated near the intersection of a vertical and a horizontal white grid line. The text 'ABA: 75693192' is located at the top left, and 'Pir' is at the bottom left.
