

ABA:75931470

SCN

The image displays a coronal cross-section of a brain. The left hemisphere (viewer's left) features a prominent blue highlighted area, likely representing a region of interest or activation. The right hemisphere (viewer's right) appears mostly uniform in color. A vertical white line runs down the center, separating the two hemispheres. A horizontal white line runs across the middle of the image. The text 'ABA:75931470' is located in the top left corner, and 'SCN' is in the bottom left corner.
