

ABA:75988255

DM

A brain scan image, likely a PET or SPECT scan, showing a cross-section of a brain. The image is predominantly blue, with a central vertical line and a horizontal line intersecting at the center. The text "ABA:75988255" is in the top left corner, and "DM" is in the bottom left corner. The image shows a complex pattern of activity, with a bright, irregularly shaped region in the center-left area, possibly indicating a lesion or a specific functional area. The rest of the brain area is filled with a dense, textured blue pattern.
