

ABA:76081922

S0

The image shows a blue, irregularly shaped object, possibly a mold or a piece of material, centered on a black background. The object has a central vertical slit or opening. A small, bright, multi-colored spot (yellow, green, and blue) is visible near the top of this slit. The object's edges are somewhat jagged and uneven. A horizontal white line crosses the middle of the object, and a vertical white line runs through the center, intersecting at the slit. The text 'ABA:76081922' is in the top left, and 'S0' is in the bottom left.
