

ABA: 77464962

LH

The image displays a cross-sectional view of a brain, likely from a PET or SPECT scan. A prominent, bright yellow-green spot is visible in the central region, indicating a high concentration of the tracer. This spot is surrounded by a larger area of blue, which represents a lower concentration. The brain's structure is outlined by a dark border, and a vertical line runs through the center, possibly indicating the midline. The text 'ABA: 77464962' is located in the top left corner, and 'LH' is in the bottom left corner.
