

ABA: 79591569

VMH

This is a brain scan image, likely a PET or SPECT scan, showing a cross-section of a brain. The image is predominantly blue, indicating low levels of activity. A small, bright yellow and red area is visible in the center, representing a localized area of high activity. This area is labeled 'VMH' in the bottom left corner. The text 'ABA: 79591569' is visible in the top left corner. A white crosshair is overlaid on the image, with the vertical line passing through the center of the high-activity area.
